## marine tachometer selection chart

HOW TO SELECT THE TACHOMETER YOU NEED:

1. Select the tachometer case style you desire.
2. Find your motor on the Tachometer Selection Chart.
3. Follow the motor model line horizontally to the selection style column to find tachometer model number.

—No. 980 Three wire Harness connects indicator to throttle control box.

—No. 981 Four wire Harness as above for power Trim models.

—No. 982 Wiring Harness For use with Johnson and Evinrude Outboards using Command and Center II or Power Pilot System.

—Five wire Harness is used on Mercury and Mariner V-6 engines. Mercury number 84-86396A4.
